ICE FLOW CHART

FUTURE IMPACT OF THE CA VALUES ACT

FIELD OPERATIONS:

AS IMPACTED BY CA VALUES ACT

1. BCSO is prohibited from transferring to or assisting ICE with the arrest of a subject for violations of immigration laws, unless:
 - A) There is a judicial warrant,
 - B) There is a judicial determination of PC when the subject has been arrested for a serious, violent or state prison eligible felony.
2. BCSO may not cooperate with, transfer to or assist ICE with the arrest of a subject for violations of immigration laws, if the sole reason for contacting the subject was to investigate or arrest him/her for a Prop. 47 misdemeanor or crime.

HR 3003 ANALYSIS:

- H.R. 3003 clarifies U.S. Immigration and Customs Enforcement (ICE) Officers have the authority establish that probable cause exists for the issuance of a detainer.
- In addition, the bill withholds certain federal grants from jurisdictions that violate federal law by prohibiting their officers from cooperating with ICE.
- Jurisdictions that comply with detainers are protected from being sued.
- Victims of certain crimes are allowed to sue jurisdictions that refuse to comply with a detainer request if the released alien is released and commits a subsequent crime.
 - (This sets up a potential conflict between State and Federal Law.)
- Finally, the underlying bill includes Sarah and Grant's Law, which ensures unlawful immigrants convicted of drunk driving or are arrested for other dangerous crimes are detained during their removal proceedings.
 - (This sets up a potential conflict between State and Federal Law.)
